Lakshya Saini

Full Stack Developer

I am a Full Stack Developer having 1 year of experience. With a strong vision in design analysis and ability to solve complex problems, I have experienced several frontend & backend technologies. I have a good sense of design, colors, usability and can build beautiful and modern interfaces that people love. I enjoy turning concepts into reality and with this vision I design & develop a product.

INTERESTS

Web Development

UI/UX Designing

EDUCATION

XII (Senior Secondary), Science
CBSE Board (Kendriya Vidyalaya)
04/2015 - 03/2016   *Jammu*
Percentage
□ 71.4%

B.Tech (Hons.), Computer Science & Engineering
Lovely Professional University
08/2016 - 08/2020   *Jalandhar*
Current CGPA
□ 7.90/10

WORK EXPERIENCE

Mern Stack Developer
Xicom Technologies Ltd
10/2020 - Present   *Chandigarh*

CERTIFICATES

Simplilearn - Full Stack Developer (05/2018 - 07/2018)

Code with Mosh - Reactjs Developer (09/2019 - 12/2020)

Code with Mosh - Nodejs Developer (12/2019 - 03/2020)

PERSONAL PROJECTS

Ambith Motors (https://ambithmotors.com) ☒
□ Ambith Motors is a complete solution for those car owners who don't want to stand in queue or don't want to get out of their home for car servicing. With this app they can directly book an appointment, no matter where they are, their car will be serviced. In addition to this, it allows customers to sell their old cars and to buy a new one.

Restaurant App (http://php-restaurant-app.epizy.com/login.php) ☒
□ This app was designed for those restaurant owners who find difficulty in managing their business. It allows them tomanage staff members, bookings, groups, tables, categories , dishes, orders, messages by customers, restaurant info, profile & settings, real time notification system, toggle switch for service activation, cross browser compatible and mobile friendly.

Netflix Clone (https://mern-netflix-clone.herokuapp.com)
□ It provides different sections and categories for movies and TV Series. By clicking on any of these we can see their details and similar items. It is an ongoing project. Features like movie streaming, account accessibility limitations, manage profile, recently viewed, and even more to be added in upcoming versions.

ChatUs https://mern-chatus-app.herokuapp.com
□ ChatUs is a complete chat app with variety of features like create group with unique key, search groups, join group, group chat, delete chats, exit group, delete group, search friends, send friend request, accept or decline friend request, real time notifications, 1-1 chat with friend, typing indicator, send emojis and many more. As it is an ongoing project, more features will be added in future.
